

Connecticut River
Conservancy

27th Annual Source to Sea Cleanup

September 22-23, 2023

Sponsor Benefits Package

Welcome returning sponsors!

Thank you for your generous sponsorship of the 2022 Source to Sea Cleanup. Last year's event was a huge success, with scores of volunteers spanning the breadth of our watershed to haul plastics, tires, scrap metal and all manner of debris. Our hard-working volunteers removed over 37 tons of trash from our waterways!

This would not be possible without the support of business leaders like you. We are grateful for your ongoing partnership.

Our volunteers and sponsors come back year after year to a high quality and fun experience with real results, high visibility, and recognition. **We look forward to working with you again in 2023 to continue this critical work for our rivers.**

You made a difference in 2022 by:

* **Improving river health and habitat.**

Volunteers cleaned up 85 miles of river, collecting 12,841 beverage containers, 204 tires and 7,853 pounds of scrap metal including 2 metal bed frames.

* **Providing a much needed opportunity for volunteers to get outside and cleanup the watershed.**

As in 2021, our volunteers chose to tackle trash in streams and streets closer to home and neighborhoods, and engaged family members to participate in this effort to care for our environment and the future of our rivers.

* **Sharing your business's environmental commitment with your community and customers.**

"Our sponsorship of the Connecticut River Conservancy is a clear, public statement of our values that helps our employees feel connected and engaged, and resonates with clients and members of the wider community who see us living those values through financial support and volunteerism." Ethan Birchard, Prentiss Smith & Company, Inc.
